Re: Petition to Establish Generic Docket to Consider Amendments to
Interconnection Agreements Resulting from Changes of Law
Docket No. 2004-316-C

Dear Mr. Terreni:

BellSouth recently has participated in generic "change of law" proceedings in several states and, in those proceedings, all parties have agreed to stipulate the testimony of BellSouth witness David Wallis (of Deloitte & Touch) into the record without his being required to attend the hearing.

Last week, BellSouth sent an email to all parties to this docket indicating that BellSouth would like to stipulate Mr. Wallis' testimony in this docket without having Mr. Wallis attend the hearing and asking if any party had an objection to BellSouth's doing so. To date, no party has informed BellSouth of any objection.

Accordingly, BellSouth respectfully requests approval from the Public Service Commission of South Carolina to enter Mr. Wallis' pre-filed testimony into the record without Mr. Wallis having to attend the hearing in this docket.

Thank you in advance for your prompt attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Patrick W. Turner".
